	<i>Business Partner Code of Conduct</i>	Revision:	<i>Sept 15, 2020</i>
	<i>Corporate & External Affairs</i>	Date done:	<i>June 2019</i>

Bureau Veritas conducts its business based on the following core principles: Integrity, Sustainability and Safety. We expect our Business Partners to do the same.

At all levels of its organization, for all its operations and in all countries Bureau Veritas is committed to support Corporate Social Responsibility and to act with priority on Human Rights and Labour Principles, Health and Safety at work, Environment protection and Anti bribery.

The present Business Partner Code of Conduct (BPCC) is a declination of the Bureau Veritas Code of Ethics and Human Rights policy for Bureau Veritas Business Partner as defined hereinafter.

It defines the requirements that all Bureau Veritas' Business Partners shall comply with, in addition to:

- Applicable local, national and international laws and regulations,
- Bureau Veritas Code of Ethics,
- Contractual provisions.

BPCC is based on international standards and regulations.

In case of contradiction or inconsistency between the provisions of this BPCC on the one hand and the Code of Ethics or applicable laws on the other hand, the latter will prevail.

Specific laws and contractual provisions with a higher standard supersede these general requirements.

Scope of Application

BPCC applies to all Business Partners of affiliates of the Bureau Veritas Group, being companies or individuals such as Joint-Venture Partners, sub-contractors, service providers, suppliers and commercial agents (each, a "Business Partner"), regardless of where they operate.

Our Business Partners are expected to comply with all laws and regulations applicable to the business they conduct for Bureau Veritas. They are expected to apply the principles laid down in this BPCC or apply equivalent principles.

If any part of this BPCC is unclear, they should ask their Bureau Veritas contact for explanation. Non-compliance with this BPCC may lead to measures, including termination of the business relationship.

Implementation

Bureau Veritas asks its Business Partners to acknowledge and agree to abide by the BPCC in our contracts with them. BPCC is accessible online at <https://group.bureauveritas.com/>. It is provided to all new Business Partners and then progressively to existing ones.

We try to engage with our Business Partners from an early stage of our relationship with them to ensure that the BPCC is implemented in practice, including through our selection and monitoring processes, the use of questionnaires and, in certain cases, targeted audits.

In certain instances, we may wish to assist our Business Partners with training and capacity building to help raise awareness of the steps they can take to meet the standards contained in the BPCC.

	Business Partner Code of Conduct	Revision:	Sept 15, 2020
	Corporate & External Affairs	Date done:	June 2019

We expect our Business Partners to communicate the content of the BPCC to their employees and to cascade these directions to their own Business Partners.

We expect Business Partners to agree in writing to comply with the present BPCC and any other terms that Bureau Veritas may require or provide evidence that they have equivalent policy in place.

We further expect our Business Partners to conduct self-assessments against the BPCC to understand and close any gap.

INTEGRITY

1. Fighting Bribery, Corruption, and Influence Peddling

This section is without prejudice to the content of the Code of Ethics.

Bureau Veritas is fully committed to fighting all forms of bribery and corruption, including influence peddling, in every country in which it operates and to complying with relevant local and international anti-bribery and anti-corruption laws in all jurisdictions within which Bureau Veritas is established or performs services.

In the course of their work for or with Bureau Veritas, Business Partners shall be committed **to fight** bribery, corruption and influence peddling. They shall ensure that their directors, officers, employees and Business Partners do not give or accept bribes in any form or enter into any other improper arrangements.

Certain Business Partners could be asked to disclose any personal or professional connections with public officials during our due diligence process. Any such connections that did not exist during the due diligence process, or that have for any other reason not yet been disclosed to Bureau Veritas, must be disclosed to the Business Partner’s principal Bureau Veritas point of contact at the earliest opportunity.

Any potential fraud that may have an impact on Bureau Veritas must be reported immediately.

Business Partners shall comply with **anti-corruption laws**, including those that prohibit influence peddling, in all jurisdictions in which they operate.

Personal or friendly relationships with a Bureau Veritas employee may not be used to influence the employee's business judgment. If an employee is related to a Bureau Veritas employee, and this may represent any actual or potential conflict of interest in a transaction or business relationship, Business Partners must promptly disclose this fact to their principal Bureau Veritas point of contact or ensure that the Bureau Veritas employee does it.

3. Economic Sanctions and Anti-Money Laundering

Business Partners must comply with all sanctions, export control, and anti-boycott laws, regulations, orders, directives, designations, licenses, and decisions of the European Union, the United Kingdom, and the United States, as applicable, and anti-money laundering laws and regulations in all applicable jurisdictions.
